

Pilots of United Airlines,

The MEC members who supported ratifying this TA trust in you, the Pilots of United Airlines, to properly evaluate the Tentative Agreement and cast your vote.

We have provided you with our [PRO statement](#) outlining our support for this agreement. If you have questions on TA 2023, please visit the website [UPA23.com](https://upa23.com). You may file your questions via the DART link on that site or you may talk to the FACT team members who are available in the Domicile Chief Pilot Offices. Please attend a road show in any domicile. Contact your Reps for contract questions requiring any further clarification of the contract details. We want you to have your questions answered so you may make an informed decision.

Thank you for staying focused and remaining engaged during the process. We remain steadfast ***that a Yes vote is, by far, the best path forward.***
